Our Mission

DATA4GOOD PROJECTS

We provide pro-bono data analysis and consulting to organizations with a social mission.

EDUCATION

We connect dedicated data scientists and provide them with a platform to apply and expand their knowledge.

Dialogue

We initiate a dialogue on the value and benefits of data and data analysis for civil society.

Today:

Tyler Clavelle:

- senior data scientist at GFW
- Global Fishing Watch's core dataset
- author of the GFW R Package:
